

Minimum Air Temperature Map

9 pm Sept 21, 2022 - 8 am Sept 22, 2022

The number displayed at each location is the duration (in hours) when the minimum air temperature during the hour was below 0° C. Information on the map provides regional representation. Field-specific information may be different. Based on weather data recorded from MB Agriculture Weather Program.

For more information, contact your local Manitoba Agriculture office.
