Note by R. MacFarlane, Chief Factor, March 12, 1885: "Has served some ten years as a Steersman and Interpreter in the Company's service. Has also had charge of one winter sub post near Fort Reliance (abandoned) since 1879. Is somewhat extravagantly disposed, but should opposition appear on Great Slave Lake I believe he may be found very useful and under existing circumstances men of his influence and experience are better with us than against us..."
