Bills Considered and Reported

- **Bill (No. 18)** – The Public Schools Amendment Act (Safe and Inclusive Schools)/Loi modifiant la Loi sur les écoles publiques (milieux scolaires favorisant la sécurité et l'inclusivité)

Your Committee agreed to report this Bill without amendment on a recorded vote of yeas, 6 nays 4.

On motion of Mr. WIEBE, the Report of the Committee was received, on division.

Mr. Speaker then informed the House that Mr. Eric SCHILLBERG and Mr. Mathieu JUBINVILLE have been appointed Pages for the Third Session of the Fortieth Legislature.

During Oral Questions, Mr. Speaker interjected and requested that the word "lied" spoken by the Honourable Member for Lakeside be withdrawn.

WHEREUPON Mr. EICHLER withdrew his remarks.

Following Oral Questions, Mr. Speaker made the following ruling:

During Oral Questions on September 9, 2013 the Honourable Official Opposition House Leader raised a point of order regarding an answer provided by the Honourable Minister of Innovation, Energy & Mines. The Honourable Official Opposition House Leader suggested that the Minister's answer was not in keeping with the spirit of a respectful workplace ruling I delivered to this House last month, and that the comments reflected on Members of the Legislature. The Honourable Government House Leader spoke to the point of order before I took the matter under advisement.

When the Honourable Official Opposition House Leader raised this matter I expressed to the House my sincere appreciation for Members' efforts in improving the decorum of this House in recent weeks. I would reiterate that sentiment today, along with the hope that we can continue with those efforts in subsequent sessions. In this way I feel we demonstrate both that we are serious about our work, and that we can conduct ourselves in a respectful manner.

As I mentioned in a ruling I delivered to this House in August 27, 2013, I am aware that there are many important issues before this Assembly on which Members hold strong and divergent views and opinions. Despite such disagreements, I believe Members should conduct themselves in an orderly manner, and show respect for one another and for the institution they serve.

Turning to the point of order raised, as O'Brien and Bosc state on page 510 of the second edition of *House of Commons Procedure and Practice*, "the Speaker ensures that replies adhere to the dictates of order, decorum and parliamentary language. The Speaker, however, is not responsible for the quality or content of replies to questions". Several Manitoba Speakers, including myself on many occasions, have upheld this principle in rulings made from this Chair.

I have reviewed the Hansard transcript from the date in question. In the House that day the Member for St. Paul and Honourable Minister of Innovation, Energy & Mines were involved in an exchange in which they both expressed strong opinions. In my view of that exchange I observed that there was language used on both sides that enflamed the situation. While I do not find the comments in question from the Honourable Minister of Innovation, Energy & Mines unparliamentary, they were perhaps not as respectful as they could have been.

To be clear, there was no breach of a rule or practice in the comments made by the Honourable Minister of Innovation, Energy & Mines, and I am not ruling them unparliamentary, but I would urge the Honourable Minister, and the Honourable Member for St. Paul, to keep their comments as respectful as possible, and I would also offer that as general advice to all Members of this Assembly.

Pursuant to Rule 26(1), Hon. Ms. MELNICK, Mr. EICHLER, Hon. Mr. CHIEF and Messrs. BRIESE and ALTEMEYER made Members' Statements.
