## **NOTICE PAPER**

**NOTICE OF MOTION FOR MONDAY NEXT:**

**PROPOSED RESOLUTION:**

Hon. Ms. WOWCHUK –

WHEREAS the Minister of Agriculture, Food and Rural Initiatives has been involved in on-going consultations with the Manitoba agriculture and agri-food industry regarding the upcoming World Trade Organization Ministerial Meeting in Hong Kong; and

WHEREAS the Minister of Agriculture, Food and Rural Initiatives chaired a WTO Agri-food Industry Workshop on November 21, 2005, where Manitoba agri-food industry leaders clearly outlined their objectives with respect to the upcoming talks; and

WHEREAS the Minister of Agriculture, Food and Rural Initiatives attended a meeting of Agriculture Ministers on November 24<sup>th</sup>, 2005 to further discuss Canada's position and brief the federal minister on Manitoba's position; and

WHEREAS the Minister of Agriculture, Food and Rural Initiatives and the Minister of Intergovernmental Affairs and Trade will represent Manitoba as part of the Canadian contingent attending the Hong Kong negotiations; and

WHEREAS agriculture is a vitally important industry for the province of Manitoba, accounting for five percent of our provincial GDP and one in eleven jobs; and

WHEREAS there are many potential opportunities for Manitoba producers and processors if the WTO talks result in greater access to US and other foreign markets; and

WHEREAS Manitoba producers continue to be negatively affected by trade distorting subsidies and trade remedy action inappropriate for agriculture; and

WHEREAS some Manitoba producers have been well served by orderly marketing systems such as the Canadian Wheat Board and supply management.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba support the Ministers of Manitoba Agriculture, Food and Rural Initiatives and Intergovernmental Affairs and Trade to work with the Canadian negotiators to achieve a result that allows Manitoba producers and processors significantly greater access to foreign markets, the ability to compete fairly and equitably in global markets not distorted by domestic support programs, and also maintains the right of producers to use orderly marketing systems such as supply management and the Canadian Wheat Board.
