DEBATE ON GOVERNMENT RESOLUTION:

On the Proposed Motion of Hon. Mr. GOERTZEN – Long Term, Sustainable and Flexible Healthcare
Funding

WHEREAS health care is the single largest budget item for provinces and territories, each of
whom is responsible for the delivery of quality health services for Canadians; and

WHEREAS provinces pay more than 75 per cent of health care costs and the Federal Government continues to reduce growth in health care funding; and

WHEREAS the Federal Government's unilateral approach and refusal to engage in a discussion around the importance of a long term and sustainable partnership on health care funding should be of concern to every Manitoban; and

WHEREAS Manitoba is facing a challenging fiscal situation and the Federal Government's decision to reduce health care funding by more than \$1 billion over the next 10 years is going to put additional strain on the ability to provide services to Manitobans; and

WHEREAS federal funding is essential in order to address the increasing costs associated with the health care needs of the province's growing and aging population.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba be urged to reiterate the position of other governments representing 90 percent of Canada's population, that is, before any further discussion takes place on a renewed Health Accord, the First Ministers request a meeting with the Prime Minister regarding the need for long term, sustainable and flexible funding for the healthcare system and that if this is not accomplished, any proposed reduction in healthcare funding be delayed until 2018/19.

NOTICE OF MOTION FOR THURSDAY:

PROPOSED RESOLUTION:

Mr. MALOWAY – Committing to an East-West Power Grid for Manitoba

19. WHEREAS the Manitoba New Democratic Party (NDP) has long been an advocate for an east-west power grid in Canada; and

WHEREAS the construction of an east-west electrical transmission connection in Manitoba would allow for the flow of new, clean hydroelectric power to other provincial markets; and

WHEREAS the former NDP Provincial Government was actively promoting the export of electricity, and engaging in discussions with the Federal and other Provincial Governments to encourage interprovincial sale of electricity; and

WHEREAS an east-west power grid would reduce greenhouse gas emissions in Manitoba and Canada and would help Manitoba contribute to national emissions reduction targets; and

WHEREAS the existing north-south power grid means Manitoba primarily exports surplus power to the U.S., while other provinces like Saskatchewan continue to burn coal to generate power; and

WHEREAS the Federal Government's national climate change plan will require innovative solutions and provides the opportunity for new initiatives which will meet the Canadian energy needs of the future.

THEREFORE BE IT RESOLVED that Legislative Assembly of Manitoba urge the Provincial Government to commit to partnering with the Federal and other Provincial Governments to create an east-west power grid and to continue to pursue export opportunities for Manitoba's hydroelectric power.
