RESOLUTION:

Mr. WISHART – Federal Fertilizer Reduction

21. WHEREAS the agribusiness sector's contribution to the Manitoba GDP is the third highest in Canada as a percentage of total provincial GDP; and

WHEREAS this summer the head of the United Nations, U.N. Secretary-General Antonio Guterres, warned that the world is facing a catastrophe due to growing food shortages as a result of the impact of the War in Ukraine; and

WHEREAS Canadian families are feeling the pressures of inflation when they try to feed their families, the Agri-Foods Analytics Lab at Dalhousie University predicts food related inflation will be between five and seven percent; and

WHEREAS one in four Canadian families are going into debt to keep food on the table while prices are rising due to the money printing fiscal policy of the Federal Liberal-NDP coalition; and

WHEREAS at the same time the Federal Liberal-NDP coalition in Ottawa is pushing forward with a fertilizer policy that will force Manitoba farmers to produce less food and raise prices of what they do grow; and

WHEREAS the Federal Liberal-NDP coalition has failed to engage Manitoba's farmers, failed to consult with Indigenous farmers and has failed to consider the impacts this will have on farmers and producers and has failed to consider how this will impact families in the province; and

WHEREAS with these limitations on Manitoban and Canadian farmers it would hinder their ability to do business in a global market; and

WHEREAS the Federal Liberal-NDP coalition's plan fails to consider the ability to reduce emissions on an intensity basis which would allow producers to take scientific approaches to reductions while being able to increase their production; and

WHEREAS this bad public policy will impact anyone who purchases or consumes food in this country, and like most federal policies, those struggling the most will be the ones who are disproportionately impacted.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba call on the Federal Government to abandon their fertilizer reduction strategy that will hurt Manitoba's farmers, producers, and families and additionally ensure that there are no penalties or exclusions from federal programs for farmers who do not meet these arbitrary targets.
