**RESOLUTION:**

**MLA ASAGWARA – Calling on the Provincial Government to Stop Its Private Health Care Agenda and Invest in Manitoba’s Public Health Care System**

1. WHEREAS the Provincial Government’s reckless health cuts started by Brian Pallister and continued under the Premier have created a crisis in Manitoba’s health care system, which has adversely affected the quality of care received by patients, families and seniors; and

WHEREAS rather than taking responsibility for her government’s health care cuts, the Premier has blamed the state of Manitoba’s health care system on there being not enough private health care in the province; and

WHEREAS the Provincial Government has already cut and privatized key health care services such as outpatient physiotherapy services, sleep apnea machines and life flight medical air ambulance transportation, as well as privatizing home care services for seniors, rather than adequately investing in the public health care system; and

WHEREAS the Provincial Government has increased spending on private agency nurses by over 200% since 2017-2018; and

WHEREAS the Provincial Government spent over \$40 million on private agency nurses in 2021-2022 instead of investing in public sector nurses and other front line health care workers; and

WHEREAS despite clear opposition from front line health care workers and their representatives as well as families, the Provincial Government has continued with its private health care agenda, actively worsening the quality of health care in Manitoba; and

WHEREAS it is a fundamental Canadian value that whether or not a person receives health care should be based on need and not the size of their wallet and privatization goes against the fundamental Canadian values of keeping healthcare public and accessible for everyone; and

WHEREAS the Provincial Government has failed to improve health care outcomes or advance health care equity and further privatization of health care services will only harm progress in these areas; and

WHEREAS increased private health care will further undermine the public health care system by shifting essential staff to the private sector, which will aggravate the staffing crisis in the health care system and will only worsen the long wait times patients experience in the Emergency Rooms right now.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba condemn the Provincial Government's plans for private health care and call upon the Provincial Government to instead invest in the public health care system.
